ABOUT

A Croydon-raised DJ and producer of Nigerian heritage, GUY.IN.GLASSES grew up between South London's soundsystems and West African rhythm, and you can hear both when he plays.

His sets move between deep, Afro and tech house, with detours into Afrotech and underground cuts. A digger at heart, he plays for the dancers, not the phones, building every set like a journey, whether it's a rooftop at sunset or a basement at 4am.

Beyond London he has played Amsterdam, Ibiza, Sicily, Brazil and the Off Piste Ski Trip in Bansko. Since 2022 he has been a resident across Soho House, and from January to April 2026 he held a residency at Tape London.

In the studio he produces with SAMPAH as SSensational Sounds, the duo behind the *Bringing House Home* EPs. Together they founded SSensational Shoobz, the club night that grew from 60 people in Peckham to 280 sold out.
